

- ✓ Lower taxes
- ✓ Better education
- ✓ A stronger economy
- ✓ Government reform

OUR REPRESENTATIVE

A vote to re-elect Rep. Bill Sandifer is a vote for all of the above.

Rep. Bill Sandifer is and has always been a voice for the people—standing up for the issues that matter most to our community.

Lower taxes

Keeping taxes as low as possible – and keeping tax relief in effect so you can save more of your hard-earned money – remains Sandifer’s top priority.

Education and the economy

Sandifer continues his focus on what he calls the two “Es” –education and economic development – to prepare our children for the jobs of tomorrow and attract higher-paying jobs today.

Government efficiency

Sandifer is committed to making our state government more efficient, effective, and accountable. He will continue to serve as chairman of South Carolina’s Reform Caucus and will actively work for change.

A vote for Sandifer is a vote for a man with solid priorities, experience, qualifications, accomplishments – and a heart for the people. Vote for Sandifer in the primary on June 10. Visit www.BillSandifer.com for more information.

Vote for Bill Sandifer June 10

Accomplishments

Sandifer has worked to pass two of the largest tax reductions in state history. He ceaselessly works to pass quality of life reforms to increase access to healthcare, improve our schools, protect our environment, and make our homes and families safer. He also has worked tirelessly to assist older adults by connecting them with much-needed services. His most recent work pushed for immigration and DUI reform, as well as passing a plan to help provide health insurance for small business employees.

Staying in Touch

No State Representative does a better job of staying in touch than Bill Sandifer. He is highly regarded by the citizens of Oconee County not only for his experience, but also for his ability to listen. Beyond his many accomplishments and 14 years in public service, Sandifer cites one of his best qualifications as “the ability to listen with an open mind.” As he sees it, if every elected official would simply listen to the public, most of our problems could be solved. You can contact Bill Sandifer anytime at (864) 885-2240 or bill@sandifer.us– and you can be assured he’ll listen.

“I am motivated to serve in the S.C. House by my love for South Carolina and the people of our community. My goal is to make things better for the next generation by overcoming the forces that challenge our quality of life now and in the future.”
